CLIMATE

Temperatures will range from the mid-50s to 90s.

PHONE SERVICE/WI-FI

Horacio Quiroga Resort has Wi-Fi. Make sure your phone has international service to make calls.

ELECTRIC CURRENT

220 volts; a standard converter and European adapter for two-pronged plug should work fine.

GRATUITIES

Gratuities for resort staff and fishing guides are not included in hunt cost, and we suggest around \$100 total per day per person as a general guideline. This will be distributed by the outfitters to luggage handlers, fishing guides, and resort staff.

Gratuities to hotel staff and at restaurants in Montevideo and Buenos Aires are not included; the standard restaurant tip is 10 to 15 percent.

LANGUAGE

Spanish is the national language, although English is spoken in many shops and restaurants.

HOTEL AND CITY RESTAURANTS

Our guests usually stay at the Sofitel Hotel and Casino near Montevideo where a great breakfast buffet is included in the room price. The hotel restaurant also serves lunch, tea, and dinner.

As to restaurants, tastes vary, so consult your tour guide or outfitter for suggestions. This part of South America is known for terrific European-style cuisine, with emphasis on many types of meats and fresh baked pastries and breads. For dinner, plan to eat a bit later than you may be accustomed to in the U.S.—many Uruguayans don't eat dinner until 8-9 p.m., and most restaurants do not begin serving dinner until 7 p.m. The lunch hour is also a bit later than ours.

In Montevideo, try the picaña cut ribeye at Garcia's, one block from the Sofitel. For lunch, Manzanar is located across from the Sofitel Casino. If your schedule allows, visit the world-renowned food kiosk and restaurant area Mercado del Puerto for lunch and try Roldo's for a refreshing media-medio and small sandwich, then El Palenque for a main course of seafood or meat.

RODS/REELS/LURES

Use of the outfitter's spinning rods/reels and baitcasting rods/reels are included in the price. Site-specific lures will be available for purchase at the fishing area; however, we advise you take your own rods and reels and some of your own lures as backups—around a dozen total. All fly fishermen will need to bring their own gear and flies.

BAITCASTING/SPINNING TACKLE

If you wish to bring your own baitcasting or spinning rods and reels, we suggest:

Heavy 7-foot rods

Medium baitcasting/spinning reel for 65-pound line

Ten 50-pound, 12-inch wire leaders with strong swivels in "dun-lock" or "coast-lock" style

Braided lines such as Spectra, Spiderwire and Super Braid in 65-pound test

BAITCASTING/SPINNING LURES

Johnson Silver Minnow Spoon in ¾ to 1-1/8 oz in silver color

Abu Garcia Spoon Pike in 1½ oz. in silver color (or similar)

Rapala Saltwater X-Rap 5½ inch or larger in silver, glass ghost and bunker colors

Rebel or Rapala broken minnow 5½" to 7" inch in fish colors (or similar)

Acebait Ace Tandem Original spinner bait in chartreuse/black, red/black, gold/black and lighter colors ([Acebait Ace Tandem Original Spinnerbait – Musky Shop](#))

Some of the diving lures need to be medium diver (medium lip) and some will need to be deep diver (big/long lip), due to the fluctuations of the water levels downstream from the dam.

FLY FISHING TACKLE

9' fly rods in 9 to 11 weights

Reels for 9- to 11-weight fly rods

Mid-sink rate fly line in 9 to 11 weights (Rio Tropical Outbound Short with clear sink tip or similar)

Fast sink tip line in 9 to 11 weights

40-to-50-pound range of leader/tippet

Plastic-coated 40-50 pound. steel tippet material

FLIES

Large muddler/deceiver flies, 5" to 7" in length, #3 to #5/0 in combinations of yellow, orange, black, red, and blue with lots of flash and some with white underbellies.

Flies can be ordered from Feather-Craft Fly Fishing (800) 659-1707 or https://www.feather-craft.com/category/argentina_dorado/fly-fishing/flies/argentina-dorado/1.html. Please order well in advance of your departure.
