TRAVEL LOGISTICS

Many carriers, including American, Delta, United and Aerolineas Argentinas offer flight service to Buenos Aires from Dallas/Fort Worth, Houston, New York, Miami, Atlanta, or Los Angeles with connections on Aerolineas to Esquel.

After clearing Immigration, you will collect your bags, clear Customs and be met by our ground transfer agents and transferred to the domestic airport for flight service to Esquel (two-hour flight).

Upon arrival in Esquel, you will be met and transferred by vehicle (around one hour) to El Encuentro Lodge.

You may choose to overnight in Buenos Aires to tour the city and enjoy one of the many fine hotels and restaurants. Our office can assist you with those arrangements.

Most shops in Buenos Aires are generally open until 7 p.m. on weekdays and until 1 p.m. on Saturdays. Florida Street (Calle Florida) is for pedestrians only and is lined with many attractive shops. One example is Mundo del Cuero (World of Leather) which houses two dozen leather goods merchants.

The restaurant environment in Buenos Aires is very diverse and dynamic. We suggest that you consult with your transfer agent or hotel concierge for recommendations or assistance with restaurant reservations. You should plan on eating a little later than you may be used to in the U.S.—many Argentines don't eat dinner until 10 p.m., and most restaurants do not begin serving dinner until 8:30 p.m.

WEATHER

Located in the southern hemisphere, Argentina's seasons are reversed (our winter is their summer). Buenos Aires' climate is warm and dry with summer temperatures ranging from lows in the 50s to highs in the 90s. Esquel's climate is cooler and can be a little windy year-round with summer temperatures ranging from the 40s to the 80s.

FOOD & BEVERAGES

All meals at the lodges will be served family style. A breakfast of coffee, tea, fruit, cereal, pancakes, breads, meats and eggs to order are all standard fare. The lodge staff will prepare the fixings for your box lunch of soup, sandwiches, empanadas, fruit, desserts and wine or you may gather for a streamside barbeque. Dinners feature a menu of international and Argentine cuisine complemented with Argentine wines.

CURRENCY

You may convert dollars to Argentine pesos at the Buenos Aires airport. According to the U.S. Department of State Travel website, travelers might have difficulty using U.S. \$100 bills due to concerns about counterfeit U.S. currency. Many Argentine banks, exchange houses and business may refuse to accept \$100 bills. Bring smaller bills. Visa, MasterCard and American Express are widely accepted in larger cities and towns.

LANGUAGE

Spanish is spoken as the national language. Your host, guides and staff at the lodge can converse in English and other languages.

GRATUITIES

For the guides and staff, we suggest a cash tip of 10% of your package price per person at the end of the week. You should give the tip to your lodge manager and it will be divided among all of the staff. U.S. dollars accepted.

Two prong (round) plug in (European standard adaptor). Converter required for 110.

TIME

Argentina is two hours ahead of U.S. Eastern time in the fishing season: December through April.

FISHING

Fishing for brook, brown and rainbow trout takes place in a variety of waters, rivers, streams, and lakes.

Fishing is accessed via drift boat, inflatable craft and walk and wade.

Trout fishing is excellent in the Rio Futaleufú through the season and a variety of other streams, lake inlets and outlets and spring creeks.

CATCH AND RELEASE

In the spirit of sportsmanship and the preservation of world-class fishing, catch and release is mandatory.
